Made with Pride in the USA
You can trust Vancare

You can trust the Vanderlift™ to safely transfer those in your care, regardless of their range-of-motion limitations. Choose the model that best fits your needs:

- The Vanderlift 600
  with a 600 lbs. capacity (page 1)

- The Vanderlift 1000
  with a 1000 lbs. capacity (page 2)

- The Vanderlift 450
  with a 450 lbs. capacity (back cover)

All models have a proven track record of reducing back injuries common among nursing staff: minimizing lost work days, worker’s compensation claims, staff turnover, and liability insurance premiums.

The versatile Vanderlift™ Series Lift is the ultimate risk manager!

Whatever the transferring need - lifting a resident/patient from the floor or raising someone onto an elevated rehab table - the versatile Vanderlift™ Series Lift easily adapts. Even the largest and least ambulatory people can be transferred safely and comfortably.

Check out the features that make the Vanderlift™ the brand of choice

- Magnetized hand-held control secures anywhere on the lift

- Auxiliary up/down switch provides alternative means of raising or lowering the resident/patient. (In case of a power failure, the resident/patient can be safely lowered with an emergency manual lowering system.)

- Onboard charger assures trouble free operation. The Vanderlift™ is simply plugged into a hospital grade or standard wall outlet to charge.

- Light blue, White Hammertone™, or Vancare Purple™ finish offer years of chip-resistant, non-peeking wear.

- Compiles with all applicable federal and state regulations (i.e. OSHA, UL 2601-1.UL60601-1).

- Comes standard with self-adjusting floating four point sling attachment that offers ultimate comfort and security for the resident/patient.

World-class slings to meet your needs

Vancare’s sling/belt selection is world class. With several hundred models, sizes and material choices, Vancare can provide the perfect fit for your patients and your budget. Vancare also proudly produces top quality “Made in the USA” products. When your patient’s safety is at stake, you can trust a Vancare sling or belt.
